www.Loopup.com

FACEBOOK

Facebook is a website which allows users, who sign-up for free profiles, to connect with friends, work colleagues or people they don't know, online. It allows users to share pictures, music, videos, and articles, as well as their own thoughts and opinions with however many people they like.

Pricing

Free. Features include:

1. Audio and HD video calling
2. Can be used on desktop with PC or MAC. Also, via mobile on Android and iOS devices
3. Can be done over Wi-Fi on your mobile which wouldn't affect any minute limitations you may have

Limitations

Must be friends with the person you are calling. If using for business, you would need to add the client to your personal Facebook first.

Where to Use

www.Facebook.com

You can also download the Messenger app on either the Google Play Store for Android devices or Apple Store for iOS devices

FACETIME

Connect with family and friends around the world with FaceTime. Make audio and video calls from your iPhone, iPad, and iPod touch to other iOS devices or even a Mac. Features include:

1. Reach contacts using their phone number or Apple ID.
2. Make both video and audio calls.
3. Enjoy Group FaceTime with up to 32 people at once.
4. FaceTime works over Wi-Fi (iPhone 4 or later) and cellular (iPhone 4s or later).

Pricing

Free.

Limitations

For Apple devices only.
