

To begin your 2027 certifications, please follow the steps below.

**Note:** The Evolve platform works best when using **Google Chrome**.

---

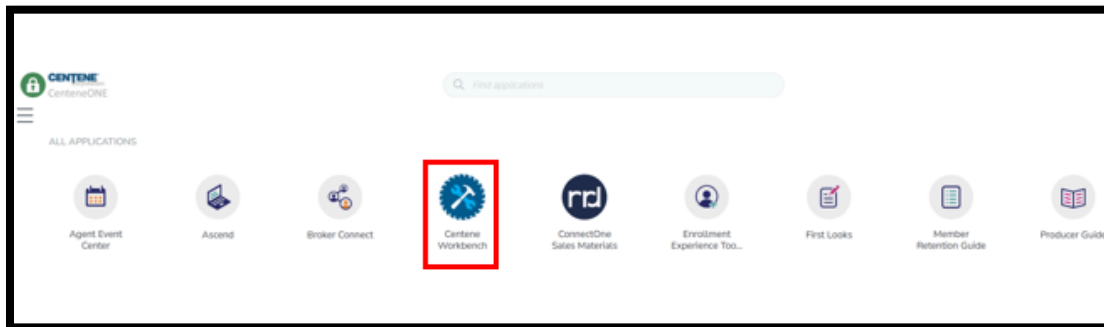

## Step 1: Complete AHIP

1. Complete the 2027 AHIP Medicare Training (**required**).
2. You must achieve a passing score of **90% or higher**.
3. Completing AHIP satisfies the CMS Medicare and Fraud, Waste & Abuse (FWA) training requirements.

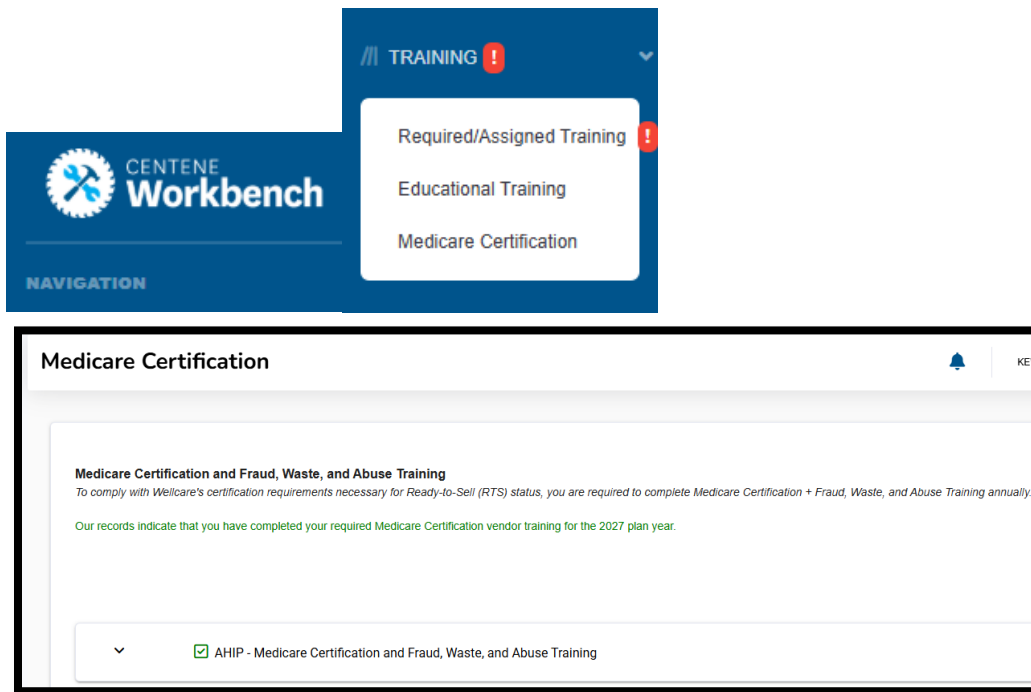

---

## Step 2: Complete Centene/WellCare Certifications

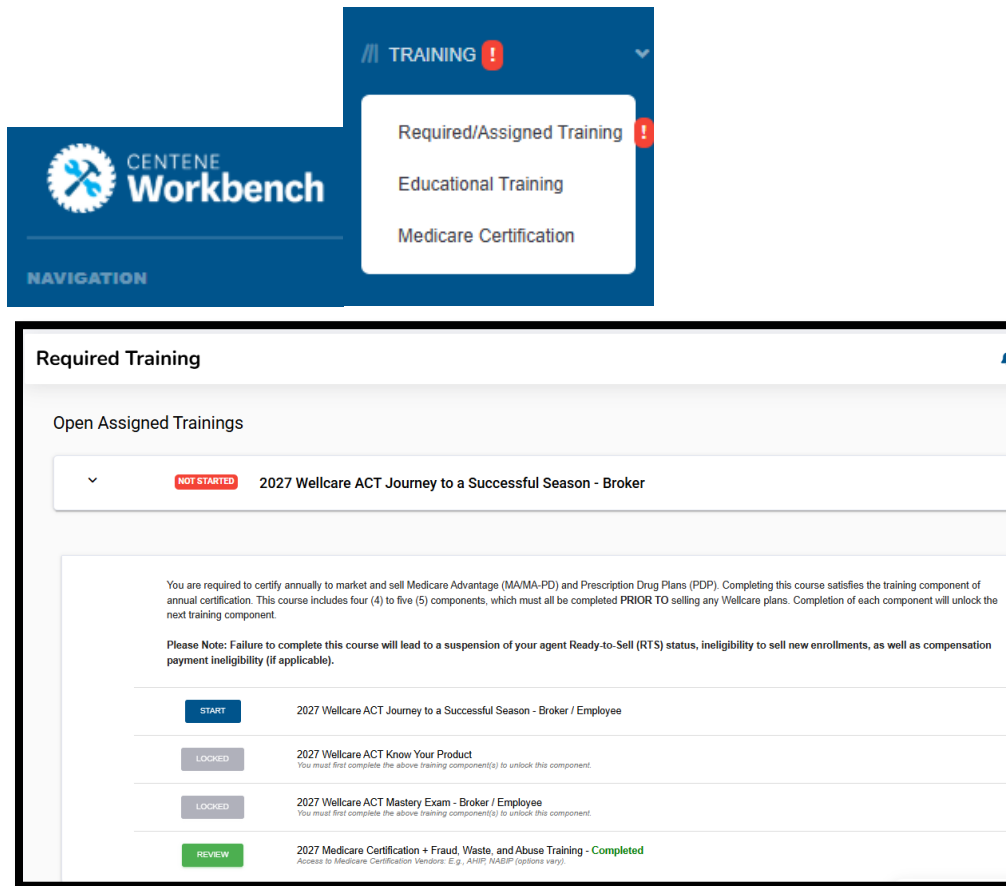

1. Log in to the **Centene Workbench Portal**:  
<https://desktop.pingone.com/cnc-workbench-brk>
2. From the Centene Homepage, select **Centene Workbench**.

3. **Verify your AHIP Transmission.** From the Centene Dashboard, navigate to the Training Menu and select **Medicare Certification**. If you have completed your AHIP certification, it will automatically upload. Once the transmission is successful, a checkmark will appear next to **AHIP – Medicare Certification and Fraud, Waste and Abuse Training**, confirming that your AHIP certification has been received.

4. Once AHIP certification has been confirmed, navigate to the **Training menu** and select **Required/Assigned Training** to begin the **2027 Wellcare ACT Journey to a Successful Season – Broker** training. Select **Start** on the first training component.

5. Completing this course satisfies the annual certification training requirement. The course consists of four (4) to five (5) training components, all of which must be completed before you may sell Wellcare plans. Each completed component unlocks the next required training module.

## Ready to Sell

Once you have completed all required training and your AHIP certification has been successfully transmitted, your certification will be processed according to Centene/Wellcare Ready-to-Sell requirements.
