

2027 Emblem Health Certification Instructions

Agent Certification launches July 8th

To begin your 2027 certifications, please follow the steps below.

2027 EmblemHealth certifications are now available through **Miramar:Agent!**

Step 1: Complete AHIP

1. Complete the 2027 AHIP Medicare Training (**required**).
2. You must achieve a passing score of **90% or higher**.
3. Completing AHIP satisfies the CMS **Medicare and Fraud, Waste & Abuse (FWA)** training requirements.

Step 2: Complete EmblemHealth Certifications

1. Log in to the **Emblem Certification Portal** through **Miramar:Agent!:**
www.miramar-agent.com

NOTE: If you are a new user, you will need to register.

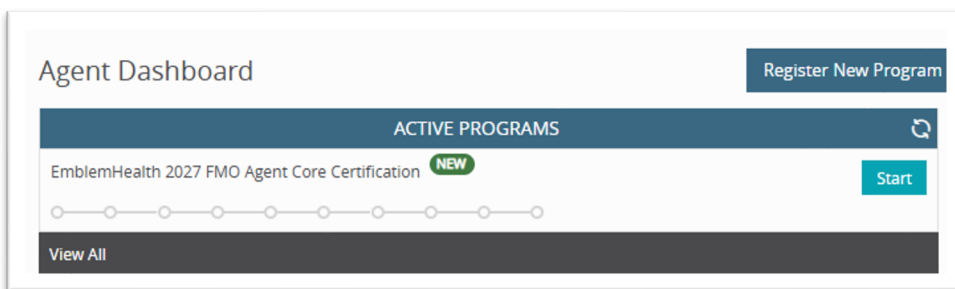

2. From the Miramar Agent Dashboard, select **Register New Program**

Register New Program

3. When prompted, enter the following **Agent Program Code:**

3571EmblemHealth1218

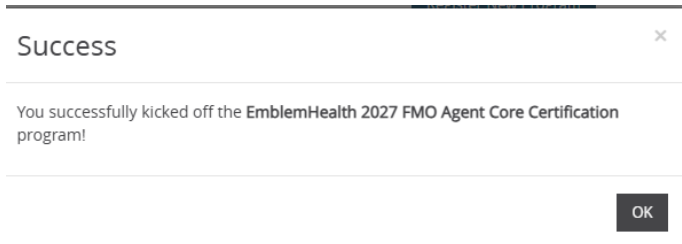

4. After registering your program code, your active programs will appear. Select **Start** to begin completing the certification timeline, starting with the **Welcome Form**.

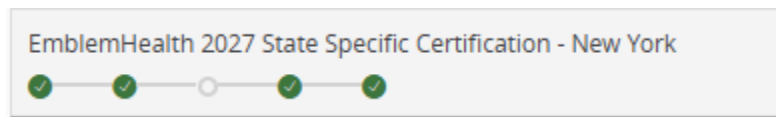

Follow the prompts to:

- Confirm or update your contracting information.
- Allow time for background and appointment processing.
- Return to complete your state-specific certification requirements.

- Some steps may require a **24-hour processing period** for background checks and appointments. If prompted, please return the following day to continue.
5. Once you've completed the initial onboarding steps, a confirmation message will appear indicating that you have successfully initiated the **EmblemHealth 2027 Certification Program**.

6. When the **EmblemHealth 2027 Certification program** appears on your dashboard, select **Start** to begin your certification training.

7. Complete all required training modules and successfully pass the required exam.

Once you have completed all required training and transmitted your AHIP scores, your certification will be processed according to EmblemHealth Ready-to-Sell requirements.

If you have any questions or need assistance, please contact the Support Team.
