Medicare Supplement SolutionsSM

1. Visit

Log on to our agent secure website, **AgentView** (AgentviewCigna.com), and go to the EXPRESS APP tab. Select a product and EXPRESS APP will launch. Click the *Get Started* button to get a Quick Quote or Family Quote.

2. Quote

For a Quick Quote, just enter the customer's age or DOB, tobacco status, gender and zip code. Premiums for all available plans in your state will display within seconds. Use the Family Quote to quote couples or families. For Med Supp, you can quote couples at the same time for multiple products and search our dynamic Declinable Drug List. Use the Weather and Map widgets for conversation starters. Click on the "Send Proposal" button and securely email the proposal to your client.

3. Apply

Tabs will appear that contain the application portion. Fill out all information in all areas and tabs. We will gather electronic signatures during the Phone Verification (PV). *PV is required for all EXPRESS APP sales.*

4. Submit

EXPRESS APP will automatically check for missing information and prompt you to correct the errors. If all information is correct, you will be prompted to submit the application right away. Once submitted, you and the applicant will receive a copy of the application and Outline of Coverage. If Medicare eligible, the applicant will also receive the *Guide to Health Insurance for People with Medicare* via email. Clean cases issue in 3-5 business days!

EXPRESS APP can be used for:

- Quick Quotes - Quote your client fast for all of the options available.
- Face to Face - Select the desired coverage and complete the entire application process.
- Phone Sales - No wet signature needed!
